Monitor your stock and the competition

Users can access Nordic Online on demand to see how a stock is trading, track peers and competitors and monitor market activity at any given moment. In the Market Data section, users can look up current stock and index prices for any Nordic- or U.S.-listed company, view an intraday price chart and review company news. In the Company Data section, users can search for company fundamentals and download them to Excel. The Trade History section allows users to view a stock's performance over time in a chart with performance indicators or as a downloadable table of closing prices, highs, lows and volume for each day in the time series.
