NEWS FROM NASDAQ OMX

Nordic companies were welcomed in New York as they opened and closed the NASDAQ market

In these times of uncertainty we see the greater need for increased investor targeting. In May we had the pleasure of hosting, together with SEB Enskilda, our fourth annual Nordic Seminar in NY, where seventeen of our Nordic companies took the opportunity to meet with US investors in one-on-one meetings. We also hosted the opening and closing ceremony at NASDAQ Market Site at Time Square providing additional visibility to both the event and the participants.

Visit the web site, www.nasdaq.com/marketsite, to view photos and watch videos from the events. We hope to see more of you participate at Market Site in the future. And further on the topic of investor events, we are hosting our yearly London investor conference on June 23rd, an event where we bring our global companies to meet with European investors.

After a relatively quiet period on the listing front, we were pleased to close the month of May by celebrating Cellavision's (CEVI) move from First North to the main market. And we kick into the month of June with an active first week, where we have had the opportunity to welcome two IPOs to our main market, ByggMax (BMAX) and Chr. Hansen. (CHR). And on First North we have launched a research competition together with Redeye to promote our growth companies.

Please feel free to reach out to me and my team at any time.

All the best,

Jenny Rosberg
Senior Vice President
NASDAQ OMX
