Notification of the changes in the First North Nordic -Rulebook

NASDAQ OMX Nordic (the “Exchange”) has made changes in the First North Nordic –Rulebook (the “Rules”) due to the new Finnish securities markets legislation that entered into force on 1 January, 2013.

Due to the new Finnish legislation, references made to Finnish legislation in section 1. Introduction of the Rules and in Supplement C - Finland have been updated. Additionally, the Supplement C has been supplemented with the requirement to follow the guidelines for company-specific insider register given by the Exchange.

Additionally, since the NASDAQ OMX Helsinki Harmonized Disclosure Rules will be part of the main market rulebook from 1 July 2013 on (subject to the approval of the Ministry of Finance), the aforementioned disclosure rules will be applicable as a separate document to the First North Finland Premier Segment only. Thus, the document will be called Disclosure Rules for First North Finland Premier Segment and any references made thereto have been changed accordingly.

Pursuant to the new Finnish Act on Trading in Financial Instruments, the Rules shall be updated to correspond to the requirements set in the new legislation within the period of six months from the entry into force of the said Act i.e. by 1 July 2013. It follows from the Rules that information about the amended Rules shall be sent to the companies and published on the Exchange’s website one month before the changes enter into force, at the latest but in special cases the Exchange may decide that amendments shall come into effect upon shorter notice than 30 days’ notice.

Thus, the changes in the First North Nordic -Rulebook will enter into force upon such a shorter notice on 1 July 2013.

The Finnish translation of the First North Nordic -rulebook (First North Nordic –Säännöt) has been changed accordingly.
